

DOD CYBER CRIME CENTER

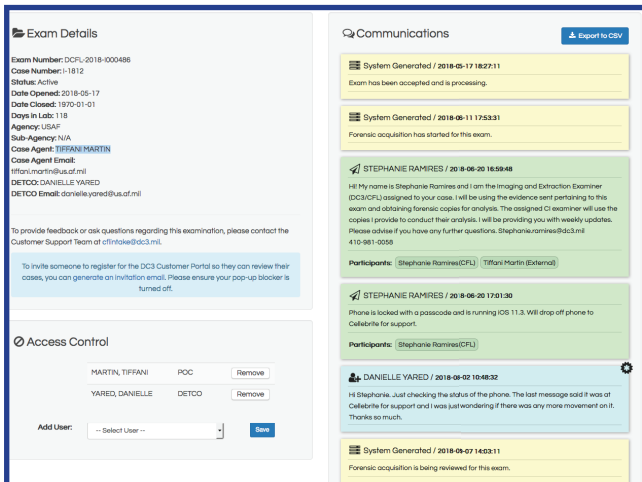

Technical Solutions Development

CUSTOMER PORTAL

Customer Portal houses a number of services of interest to the Department of Defense Cyber Crime Center's (DC3) external customers, including examination status updates, event coordination, and product download links.

<https://customerportal.dc3.mil>

CFL CASE TRACKING SYSTEM

Allows case agents to track status of exams associated with their submitted casework and communicate with examiners from DC3's Cyber Forensics Lab (CFL)

DCISE TECHEX & DIB WORKING GROUP REGISTRATION

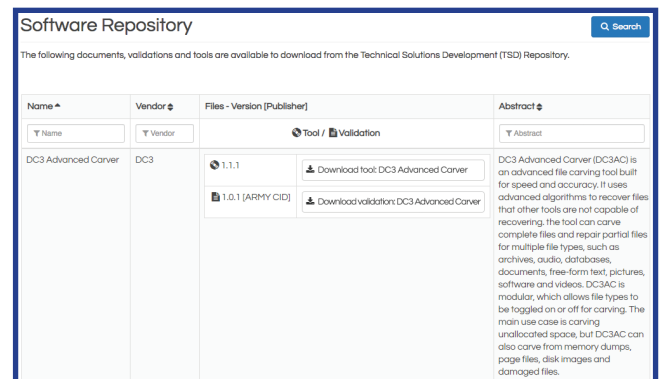

Allows representatives from DCISE, the Defense Industrial Base Program Management Office (DIB PMO) and partners within the DIB to coordinate and register for DIB CS Working Groups and the bi-annual DCISE Technical Exchange (TechEx)

LEGAL DOCUMENT REPOSITORY

Allows case agents, examiners, and attorneys to search and download documents of interest including testimonial transcripts, position papers, and technical white papers

TSD PORTAL

Allows DC3 customers to search and download TSD-authored forensic tools, forensic software and hardware validation reports authored by TSD and the US Army, and tools contained within the Counterintelligence Tool Repository (CITR)

Customer Portal is located at: <https://customerportal.dc3.mil>, and a valid PKI certificate (CAC,ECA, or PIV) is required to access.
