

DC3 Cyber Training Academy

CyberCasts

DESCRIPTION

CyberCasts are on-demand, streaming-video, microlearning modules created by Academy subject matter experts (SMEs) and instructors. They are designed to enhance a student's learning experience at the Academy and to give an opportunity to earn Continuing Education Units (CEUs). Most Academy CyberCasts are between 1 and 2 hours in length and can be viewed at any time. The Academy offers a catalog of over 200 CyberCasts on a wide range of topics.
